CUSTOM TRANSACTION REPORT

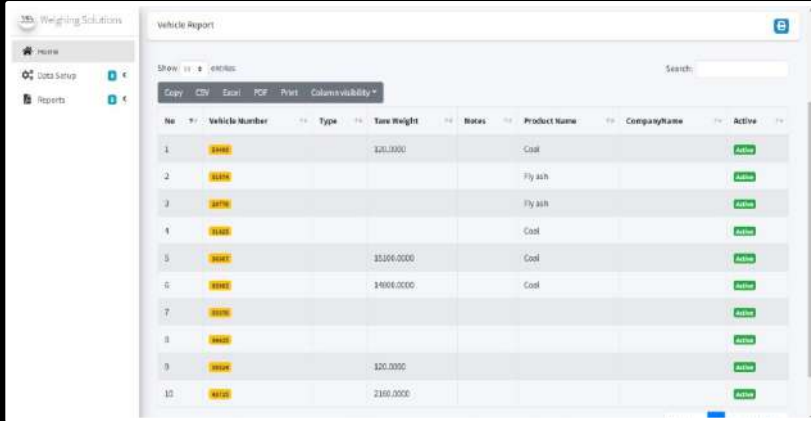

The screenshot shows a web application interface for generating custom transaction reports. The page title is "Custom Transaction Reports". The form includes several input fields and dropdown menus for filtering data:

- Date range: 12/15/2021 to 12/15/2021
- Mode: [Dropdown]
- Transaction Type: [Dropdown]
- Status: [Dropdown]
- Tickets From: [Input]
- To: [Input]
- Vehicle: [Dropdown]
- Driver: [Dropdown]
- Product: [Dropdown]
- Remark: [Dropdown]

A blue "submit" button is located at the bottom of the form. The footer of the page contains the text "Copyright © 2021 [Infotel Digital](#). All rights reserved." and "Version 1.0.0".

Custom transaction reports allows the user to view specific data, as per their requirements. For example, viewing the weighment data of a specific product, or viewing the weighment data of a specific truck.

VEHICLE TRANSACTION REPORT

The screenshot displays a software interface for 'Weighing Solutions' with a 'Vehicle Report' section. The interface includes a sidebar with 'Home', 'Data Setup', and 'Reports' options. The main area shows a table with 10 rows of vehicle transaction data. The table has columns for 'No', 'Vehicle Number', 'Type', 'Tax Weight', 'Notes', 'Product Name', 'CompanyName', and 'Active'. The 'Active' column contains green 'Active' buttons for each row. The 'Vehicle Number' column contains yellow highlighted values. The 'Tax Weight' column contains numerical values for rows 1, 5, 6, and 10.

No	Vehicle Number	Type	Tax Weight	Notes	Product Name	CompanyName	Active
1	11401		120.0000		Coal		Active
2	11404				Fly ash		Active
3	11406				Fly ash		Active
4	11405				Coal		Active
5	11401		11106.0000		Coal		Active
6	11401		14906.0000		Coal		Active
7	11406						Active
8	11401						Active
9	11404		120.0000				Active
10	11401		2160.0000				Active

Vehicle transaction report shows all the details of the vehicles that have entered and exited the premises, carrying various types of products
